

BELIEVES APPEAL WILL NOT LIE IN CASE OF OCAPO

Ass't. District Attorney Kemp
is Confident Naturalization
Cases Will Hold Good

An altogether new angle is given in the discussion of the Federal Judge Vaughan's decision, holding that Filipinos are ineligible for American citizenship, by the announcement by Assistant U. S. Attorney Samuel B. Kemp that, in his opinion, the decision by Judge Vaughan is not appealable. It has been reported in National Guard circles that Governor Pinkham, acting on behalf of the non-citizen Filipinos who are members of the guard, is planning to appeal from the decision to the court of appeals of the ninth circuit. The governor, however, has announced that there is nothing definite as to a plan of this kind.

Attorney Kemp told the Star-Bulletin today that he is of the opinion that a decision denying a person naturalization does not come within any of the classes that the federal statutes make appealable.

Kemp explains that if a court grants a person citizenship and the government is of the opinion that the court erred, the U. S. attorney may take steps to have the order of the court granting the petition canceled.

The attention of Attorney Kemp was called to the case of Takao Ozawa, Japanese, whose petition for naturalization recently was denied in a decision by Federal Judge Charles F. Clemons. This decision was appealed from by Ozawa's attorneys and is now pending in the court of appeals of the ninth circuit. Printed copies of the transcript of the record in this appeal already have been received in the local federal court.

With regard to this appeal, Attorney Kemp says it would not surprise him if the appellate court would hold that the Ozawa decision is not appealable, and he also believed that the appellate court would hold in the same way if an appeal was taken from Judge Vaughan's decision.

Johnston Hopes for Next

Brig-Gen. Samuel I. Johnston, adjutant-general of the territory, expressed the feeling today that the present trouble will be passed over in some way with the Filipinos still in the guard, though the officer makes no suggestion as to how this is to be accomplished.

He was in conference with Governor Pinkham on the question for some time this morning.

Governor Pinkham declines to comment in detail on the matter, though expressing the conviction that it is one not to be passed over lightly and is a national rather than a local question. "I am not asleep on the job," commented the governor briefly. "I am giving consideration to it."

Attorney General L. M. Steinbach expressed the belief today that national rather than territorial legislation will be required to arrange the status of the Filipino guardsmen satisfactorily.

Here and there today the feeling is expressed that a special clause may easily be enacted by Congress allowing the Filipinos to become a member of the guard without regard to his citizenship. Others doubted the wisdom of this.

HAWAIIAN ROMANCE HAS CULMINATION IN MARRIAGE HERE

A pretty romance which began in Honolulu some time ago culminated last Saturday afternoon when Ernest C. Counts, formerly in the employ of the British-American Tobacco Company at Shanghai, China, and now proprietor of the Tuxedo Shop, this city, and Miss Edith H. Pratt, clerk and stenographer in the U. S. attorney's office, were married at the Christian church.

The pretty stenographer stole a march on her associates in the federal court. She was supposed to be away in such a hurry to leave her desk at noon and it was not until after the ceremony had been performed that the news leaked out in official circles. Minister David Peters officiated, the witnesses being a few close friends and relatives of the couple.

For the present Mr. and Mrs. Counts will live at Jack Milford's home at Benua Way. They intend to remain permanently in Honolulu and may build here. The U. S. attorney's office will not lose its popular staff member through the wedding, however, as Mrs. Counts intends to "stay on the job," which will be welcome news to her many friends in court circles.

FILIPINO GUARDSMEN CELEBRATE RIZAL DAY

In honor of Dr. Jose Rizal, the Filipino martyr who was executed by the Spanish December 30, 1896, local Filipinos celebrated on Saturday night under the auspices of Companies B and M of the National Guard.

Governor Pinkham was the chief speaker. He reviewed the history of the Philippines, his own experiences in the islands and the showing made by the race in Hawaii. He praised the spirit of those in the islands who have joined the guard.

Brig-Gen. Samuel I. Johnston, adjutant-general of the Hawaiian National Guard, and Capt. William J. Hampton of Company M, N. G. H., also spoke on the Filipino as a guardsman. Other speakers were Leon V. Foran, chairman of the meeting; C. Casar, C. C. Ramirez and E. T. McKeag, who read "Rizal's Last Farewell."

BELIEVE GERM OF INFANT PARALYSIS NOW DISCOVERED

ST. PAUL, Minn.—Half of one of the greatest battles of modern science has been won, it is believed here, in the discovery of the germ of infantile paralysis, which has been accomplished by investigators in the famous clinic of the Mayo brothers of Rochester, according to a report of recent investigations conducted there.

Dr. E. C. Rosenow, who is in charge of the experiments, will not yet assert positively that the germ which he and his associates, Dr. E. F. Torne of Boston and Dr. G. W. Wheeler of New York, have succeeded in isolating is the germ of poliomyelitis, or infantile paralysis.

In a preliminary note, however, presented to the State Medical Society, it is shown that innumerable experiments in the last few months all point in the same direction.

If it be true that the agent of the disease has thus been found—and there is no real doubt in the minds of the scientists acquainted with the experiments that this has been done—then half of one of the greatest battles in modern medical science already has been won. There remains the important task of developing a serum or vaccine, or perhaps both, with which immunity may be established in human beings. Before another summer the world may hear that infantile paralysis has been definitely relegated to the category of such diseases as diphtheria and smallpox and other readily controlled diseases. With the memory of last summer's horror still fresh in the public mind, the full importance of the discovery cannot be overlooked.

Because of the high hopes which the discovery of some mistake or broken link in the present chain of scientific evidence would dash, those interested in the experiments at Rochester are especially chary of making announcements. Nevertheless, Dr. Rosenow's guarded report cannot but have the effect of creating intense public interest in the outcome of experimentation with curative vaccines and serum. It is known that a quantity of both already has been prepared and is being employed upon animals at the Mayo laboratories.

SEEK TO CONDEMN MAUI ACREAGE AS LIGHTHOUSE SITE

Two acres of land at Cape Hanalei on the southwest coast of Maui is to be condemned by the federal government for use as a site for the erection of a lighthouse. The property is owned by the Raymond Ranch but, owing to complications in the title, it has been found necessary to bring condemnation proceedings despite the fact that J. H. Raymond, owner of the ranch, offered to turn over the property to the government. Raymond found, however, that a clear title could not be established. Preliminary steps toward condemnation, taken by the local U. S. attorney's office, have been approved by the attorney-general and the case is now ready for filing.

MORE THAN HUNDRED DEPENDENT KIDDIES CARED FOR IN YEAR

The cases of 131 dependent children, 37 boys and 94 girls, were disposed of in juvenile Judge Whitney's court during the year just closed, according to the annual report now being prepared. The children were committed as follows:

To private institutions—Boys, 9; girls, 39.
To public institutions—Boys, 2; girls, 4.
To private homes—Boys, 26; girls, 21.

During the year nearly 550 cases of juveniles have been handled and disposed of in the court. The establishment of a boys' detention home, with Mrs. Joseph Leal as matron, was a needed accomplishment during the 12 months.

KETTNER PLEDGES HIS HELP FOR TERRITORY

"You can tell the people of Kahului that I am again working for them this year. In fact, everything as far as the rivers and harbors bill is concerned will be well taken care of."

This is an excerpt from a letter received by Circuit Judge James L. Coke from William Kettner, congressman from California, and a member of the rivers and harbors committee, who recently visited here as a member of the congressional party.

Judge Coke wrote the senator some time ago that the residents of Kahului were very grateful for his help in securing an appropriation of \$150,000 for a harbor at the Valley Island port.

Members of the Y. M. C. A. have outlined a plan whereby the intermediate department will have charge of the membership division for the month of January. On Friday evening at 6:30 all the members of the intermediate department will be guests of the membership committee at a dinner at the association.

At this meeting Ed Towse, chairman of the membership committee, will outline the plan of campaign for January. Six teams will be formed, each team working one day each week in a boosting campaign for membership. It is expected that six clubs will be represented, five from the intermediate department and one club formed from members not belonging to this department.

Y. W. GIRLS' ENTERTAIN BOYS AT WAIWEE SCHOOL

More than 25 members of the Business Girls' Club of the Y. W. C. A. journeyed to the Boys' Industrial school at Waialeale yesterday to give an entertainment at the school. The girls left the association building at 9 o'clock yesterday morning, returning at 7 o'clock.

Miss Harriet Forbes, chairman of the service committee; Miss Margaret Linn and Miss Margaret Herenden were in charge of the arrangements. One of the features of the day was the appearance of Bragger's band. The girls played a number of selections on the zebra. The musicians were as follows: Miss Amelia Coates, director; the Misses Ruth Benedict, Lillie Riest, Gerda Riest, Margaret Omsted, Martha Mulholland, Ruth Parr and Pearl Cox. Among the selections played were "Tipperary," "What Do You Mean, You Lost Your Dog?" and others.

The second feature was a playlet entitled, "Reveries of a Bachelor." The characters were interpreted by Miss Wena Shaw, Alberta Ames, Mabel Decker, Jeannette Matthews, Jessie McKay, Margaret Herenden, Margaret Mulholland, E. Chislett, and Eva Decker. This was followed by the rhapsodic dance by the Misses Eunice Caron, Margaret Linn, Margaret Omsted, Eva Decker and Birdie Riest.

Following the program the boys of the school entertained with a musical program and followed this up by a gymnastic exhibition under the direction of Sam W. Robley. The horizontal bar work and military maneuvers were decided successes. The girls voted the trip a complete success.

CHECK AND ORDER FOR KUKUI NUTS RECEIVED

As the result of a story which appeared in the Star-Bulletin several weeks ago concerning the demands being made by mainland paint companies for kukui nuts from which an important ingredient is obtained for the manufacture of paints, interest in what may become a new industry for the islands has been awakened.

Following the story, A. T. Longley, superintendent of the territorial marketing division, informed Raymond C. Brown, secretary of the Chamber of Commerce, that he would try and collect the nuts. This morning a check for \$12.50 was received by Brown from the Paint Manufacturers' Association of the United States in payment for a half ton of the kukui nuts, which will be forwarded as soon as they are gathered.

Experiments will be made by the association and if the nuts prove satisfactory, more will be ordered.
